

## We Need Vehicles!

We need a car and/or a passenger van to pick up international visitors at the airport, and to take them to places of

ministry.

Also a 7 tonne truck to take literature and workers to crusades.

Our ministry fund is constantly drained by the need to hire vehicles and drivers.

## We Need Housing!

Pastor Gervase and his wife Miriam rent a house and it is constantly full as a guest house and staff quarters.

Here is a catch; Pastor Gervase owns a piece of property and two years ago a home was started there, but funds ran out and it now looks like this -

(The unfinished home of the Masanjias)

How we long for someone to take pity on the Masanja family, and help them complete this dream home. A home large enough for their extended family and all the ministry guests that pass through their home. And no more rent to pay!

## How to Help

By **PRAYING** for Pastor Gervase Masanja and the whole Pentecostal Missionary Church in Tanzania. Ask the Lord what part He has for you in fulfilling these dreams and visions.

By **GIVING** as the Lord prompts you, to contribute toward this **\$50,000** goal. The Tanzanian postal system is not absolutely trust-worthy, so send your gift by MoneyGram or Western Union. Address it to:

**Gervase M. Masanja**  
**P.O. Box 9848, Dar es Salaam,**  
**Tanzania**

Then call/email him to let him know the Reference number and amount, and from whom, so he can go claim it.

**Got questions? Just ask!**

## The Dreams and Visions of Pastor Gervase M. Masanja Tanzania

**Shared with the hope  
that you will**

**CATCH**

**these Visions**

**and become partners  
in bringing them to pass!**

First, we would invite you to visit beautiful Tanzania, with it's very photogenic Mt. Kilimanjaro, the Victoria Falls, then from the highlands, down to the inland saucer-shaped plateau and the Great Rift valley - finally coming down to the coastal plains on the east side with white sand beaches on the ocean.

We have many wild animal parks and game preserves, if you would prefer an African safari.

Best of all, we have many warm, friendly people who will win your heart, and want to form a lasting bond with you!

## The Pentecostal Missionary Church of Tanzania

Pastor Gervase, bishop over 45 small, poverty-ridden churches, and pastor of the main one in Kibah, about half an hour out of Dar es Salaam, the largest city. (Five of those churches are in Kenya, Malawi, Zambia, Zimbabwe and the D. R. Congo).

Some of our churches and congregations look like this, and some like this group...

But Pastor Gervase dreams of a church building like this!

**There is an urgent need for \$50,000 to complete the building of the church by December 2015.**

The government expropriated the land where they were located for wider roadways. But God provided land!

Now - they are up to **Phase One** - Building the church. July 2015 to June 2016. Will you help?

## Fundraising Project = \$50,000

This will build the sanctuary, pastoral offices, and 6 rooms for a Power House of Prayer, and Hostel.

Pastor Gervase has *dreams and visions* of raising this amount and turning this move into a major thrust that will allow their church to set up ministries he has long held in his mind and heart. He has **BIG BOLD DREAMS!**

Have you ever had big daring dreams? Do you know how it feels?

### Phase Two:

Caring for orphans, providing food, clothing and education. . .

Caring for the disabled, providing mobility aides and the dignity of employment where possible . . . .

Giving pastors and evangelists means of transportation, and resources like literature, tracts, CDs, DVDs, . . . .

Offering Seminars for training and improving their ability to preach and teach and pastor well. . . .

Vocational Training for women and youths, and the resources so they can start their own micro businesses and have the dignity of supporting their own families. . . .

Home-care assistance and spiritual ministry to those with HIV/AIDS . . . .

## Church Buildings

These things need to be done from a strong church base, so at this new location, we will need;

- \* A Worship-Prayer House - Church
- \* Denominational offices
- \* Warehouse for literature and offices for evangelism ministry
- \* Skills Training Centre
- \* School for Primary & Nursery students and a Preschool too!
- \* Conference Hall

## There is More!

### PA/Sound System

We like to have evangelist crusades whenever international speakers come - and it is so expensive to rent a Public Address system. We would be glad to take a used system if your church is upgrading.

Just send anything like that to:

### Agents of Love Packages

220 Union Street,  
Butler Illinois, 62015 USA. They will send it to us in their next container.

### An FM Radio Station!

To evangelize the unreached people groups of the southern highlands of Tanzania. - Oh for a large Grant!
